Cards Produced

As of September 2020, DMV produced over 10 million REAL ID driver license and identification cards. This includes new REAL ID cards issued, as well as existing REAL ID cardholders who received a duplicate or renewal card. Unlike new REAL ID cards, renewals and duplicates do not require an in-person field office visit.

On-boarding Training Modules

- Start Here/Concierge
- Appointment Check-in
- Cash Handling
- Drive Test Check-in
- Single Station Inventory
- Touch Screen Terminals
- Four pillars of superior customer service

Expedite Training Modules

- Driver License Record Information Requests
- Vehicle Registration Information Requests
- Return Knowledge Tests (non-commercial)
- Photo Retakes
- Personalized License Plate Assignment

All newly hired staff are expected to begin the On-boarding Training Module within two weeks of initial hire. The module takes place over two-weeks and is intended to introduce new hires to many of the support functions of the field office as well as superior customer service. Employees are immersed in the On-boarding concepts for two to four weeks until they demonstrate application of the skills. Only then do they proceed to the second module, Expedite In-Office Training.

Expedite Training introduces new hires to the work processes that are performed at the Expedite Window. This module is one week, and, at its conclusion, a new employee should be able to work independently at the Expedite Window. Both the On-boarding and Expedite Training provide a solid on-the-job knowledge base for new hires prior to their formalized classroom instruction.

Absenteeism: The department is monitoring unplanned absences and fluctuations in absenteeism related to COVID-19.

Online Transactions: DMV continues to evaluate additional transactions that could be performed online, including through its new Virtual Field Office.

WINDOW HOURS

Due to the COVID-19 pandemic, DMV field offices are open to the public for customers with appointments and walk-in, in-person transactions as time and space allow.

Physical distancing measures within field offices to ensure customer and employee safety limit the number of available transaction windows to approximately half the amount available pre-COVID-19. The following charts adjust for this new baseline of transaction windows beginning with July 2020.

Moving Average of the Proportion of Actual to Max Window Hours: The following figure shows the 10-day moving average of the proportion of available window hours recorded in use on a daily basis for the prior three months adjusted for the new baseline of transaction windows¹. The 10-day moving average is calculated by averaging the daily proportions for the current day and each of the nine days prior². Each individual line represents the moving average across all offices in a given office grade. The maximum available window hours was calculated based on the number of available transaction windows, multiplied by the number of hours in a normal business day for that office, taking into account any extended hours offered at a location.

¹ The window hour statistics here include data from both appointment and non-appointment queues but exclude data from Saturdays. During the month of September, Saturday service was suspended in those field offices open to the public.

² All 10 days are weighted equally in the calculation of the average.

Percentage of Actual to Maximum Window Hours: This table presents the same information adjusted for the new baseline as the figure above but aggregated to the month as a whole.

WAIT TIMES

Due to the COVID-19 pandemic, DMV field offices are open to the public for customers with appointments and walk-in, in-person transactions as time and space allow. DMV has taken steps to promote a healthy environment for employees and customers. DMV has reduced the number of workstations opened to serve the public to ensure physical distancing, instituted temperature checks for customers and employees, and required technicians to wipe down workstations prior to calling the next customer.

September wait times for non-appointment customers averaged 41 minutes.
